

ABG

#### STATE-OF-THE-ART LIQUID FACILITY IN CHICAGO

This plant, which has been awarded a superior rating by the American Institute of Baking, allows us to fill any order from pails, drums & totes, to truck loads and rail cars. This facility offers one of the most sophisticated sugar melting systems in the United States, as well as providing liquid corn sweetener transfer and storage. We offer customized blending capabilities that will meet and exceed the needs of your business. These services are also available at two additional facilities located in Sanford, Florida and Renville, Minnesota.

#### Quality Assurance

Our dry storage facility; has also been awarded a Superior rating by the American Institute of Baking; which is the highest rating that can be achieved. Sweetener Supply offers a complete line of food ingredients including: sugars, starches (native and modified), corn sweeteners, salt, dietary fibers, flour, dairy products and wheat gluten.

For the convenience of our valued customers, we have 8 distribution facilities: Chicago-Illinois, Renville-Minnesota, Cincinnati-Ohio, Somerset-New Jersey, Los Angeles-California, Burlington-Iowa and Norfolk-Virginia. This extensive network of warehouses, enables us to offer nationwide physical distribution of all your food ingredient needs!
